

## DRIKUNG KYABGON CHETSANG

**To: - Vajra Publication**

June 5, 2002

I sincerely congratulate you on the first issue of the Vajra Newsletter. It has been published at a most opportune time. Buddhism, especially Drikung Kagyu, is spreading widely and rapidly.

There are many Centers throughout the United States and the rest of the world and it is essential that a good lasting connection be established between all the Drikung Kagyu Centers and that they share programs, information and work as a single entity.

I pray not only for the continuing success of the Newsletter but also for your dedication in facilitating the spreading of the Dharma through your efforts.

As a result of reading this and other publications, loving kindness, compassion and an awakening to Buddhism has come to many.

With my prayers,

Drikung Kyabgon Chetsang
